Dyson Black Friday 2026 Singapore is live on Dyson.com.sg, with savings of up to S$400 across the range. Three codes (DBS50, DBS100 and DBS150) take S$50, S$100 or S$150 off selected machines, and bundles start from S$499. Dyson calls it early access, and its deals page shows no end date, so move before stock thins out.

Dyson Black Friday 2026 Singapore: the codes and the catch

The site banner reads: save S$50 with code DBS50, S$100 with DBS100 and S$150 with DBS150. Each product card tells you which code applies, so you do not have to guess. The code is typed at checkout.

Two honest caveats. Dyson does not publish a closing date on the page, and it does not spell out on the page whether the DBS codes are tied to a particular bank card. Read the terms link and the voucher FAQ before you pay.

Bundles from S$499

Dyson says bundles save up to 30%. Three are on the page, and the maths is simple.

- HushJet bundle: HushJet Purifier Compact (S$499) plus HushJet Mini Cool fan (S$149), S$499 in total instead of S$648
- Travelerâ??s Beauty bundle: Airsmooth styling brush (S$329) plus Supersonic Travel hair dryer (S$399), S$599 instead of S$728
- Black Friday Must have bundle: V12s Detect Slim Submarine HEPA (S$849) plus Supersonic Travel hair dryer (S$399), S$999 instead of S$1,248

Note that Dyson warns the bundle discount is removed if you change the quantity. Add the bundle as listed and leave it alone.

The HushJet bundle is the cheapest way in, since the Mini Cool fan effectively comes free with the purifier. The Travelerâ??s Beauty bundle suits anyone who flies often or wants a gift set that is ready to wrap. Both leave you roughly S$130 to S$150 better off than buying separately.

Instalments, delivery and returns

Dyson offers four-month, 0% interest instalments through Grab PayLater at checkout. A S$499 machine works out to S$124.75 a month, as shown on the page. Delivery is free and next-day if you order before 5pm from Monday to Thursday, otherwise 1 to 2 working days.

Grab PayLater is optional, so you can still pay in full with a card if you prefer. Free next-day delivery is handy if you are buying a gift and the clock is ticking. The page also notes that oral care products are subject to further terms.

Returns are covered by a 14-day money-back guarantee. Dyson also lists 20% off its high-performance air purifier filters, for a limited time or while stocks last. That is useful if you already own a purifier.

Who should buy now

If you were already planning to replace a vacuum, the V12s bundle at S$999 is the cleanest saving on the page. Hair tool buyers should compare the code price against the freebies on each card. Robot vacuum shoppers can look at the R1 and R2 Nurovi markdowns.
