

Hub & Spoke Expansion: Changi Airport Lifestyle Cluster Targets Mid-2027

Description

Hub & Spoke expansion plans will broaden Changi Airportâ??s lifestyle cluster beside Terminal 2, with completion targeted for mid-2027.

What Is Being Added

Changi Airport frames the expansion around social and lifestyle-driven experiences at the Hub & Spoke cluster. For travellers and east-side residents, the practical point is that the airport is treating landside dining, wellness and activity space as part of the wider Changi experience, not only as pre-flight utility.

Why It Matters For Visitors

Hub & Spoke already anchors cycling access to the Changi Airport Connector and Jurassic Mile. More lifestyle capacity could make the area easier to use for non-flying visitors, families, cyclists and workers who want a meal or shower stop around Terminal 2.
