Booking Strategy For June 2026 School Holiday Short Trips

Lock flights for the second half of June if your kids do not need to be home for the last week â?? fares dip 15 to 20 per cent. Use cards promo programmes from DBS and UOB for hotel bookings to stack savings.

And do not forget travel insurance â?? June rainstorms across Southeast Asia have been heavier in 2026 than the five-year average. Better to be paid out for a delay than to be shag at an airport for nothing.
