ABOUT CHRISTIAN DEVELTER
Internationally Renowned Artist
Christian Develter, born in Blankenberge, Belgium, stands as an internationally renowned artist whose canvases echo the vibrant mosaic of cultures he has encountered throughout his life. Initially drawn to the arts at Ghent Art School and later the Antwerp Fashion Academy, he discovered his passion for painting exceeded his love for fashion, allowing him to encapsulate the richness of global experiences.
Christian's art transcends cultural boundaries, portraying the beauty, strength, and spirit of his subjects through a masterful interplay of line, lighting, and geometry. His radical choice of strong colours and the mixture of oils and acrylics, often coupled with bold shapes, sets his works apart. His works are deeply powerful and compelling in the way they capture light and space, translating the artist's desire to create large iconic works.
