What Is Anker Shopee Super Brand Day?

Shopee's Super Brand Day is a one-day event where a featured brand offers its steepest discounts exclusively on the Shopee platform. For Anker, this means storewide markdowns of up to 70%, a limited-quantity \$24 off voucher, and potential flash deals running throughout the day.

Anker is one of the world's leading charging accessory brands, known for its GaN (gallium nitride) chargers and high-capacity power banks. If you have been comparing prices on power banks recently, you will know that Anker rarely drops prices this significantly making this Super Brand Day worth paying attention to.
