

Artbox Everyday. Artbox is back in 2025. It will be here from 17-19 and 24-26 January

## Description

Artbox started as a night market in Bangkok. That was sometime before the pandemic. The last reiteration of Artbox that I attended in Bangkok was in June 2019. Then, Artbox was located along Sukhumvit Soi 10.

Here was what it looked like...

Many Singaporeans still resonate with the Artbox brand. Artbox was essentially a night market with slightly more upmarket offerings than you would get at a typical night market in Bangkok. Today, Artbox, to me, is branded as a “creative festival” today. Ok. whatever that means. To me, it is still a night market. The only difference is that this night market is now outside Bangkok.

One of the places where Artbox has been plying its trade is in Singapore. The brand itself explains that this night market is selling Thai food and wares. The previous reiteration of Artbox was, in my opinion, successful. I am basing this judgement on crowd size as well as whether the set-up recreated the feeling of shopping in a night market in Bangkok. It certainly did and a plus was that it was in an airconditioned venue. This year’s Artbox was located at Expo.

This was how it looked like.

Well, it should have made a decent impression and it should have been considered a success. This is because it is coming back in 2025!

ARTBOX 2025 Returns Bigger and Bolder with ARTBOX EVERYDAY, Elevating Day-To-Day Experiences with Extraordinary Art

Featuring 600 brands across two weekends from Singapore, Thailand, Korea, Hong Kong, and Malaysia, ARTBOX 2025 offers an international showcase of creative arts, retail and food and beverage experiences

ARTBOX, Asia's largest creative festival, is set to return in 2025 with ARTBOX EVERYDAY, its most

expansive edition yet, featuring 600 vendors across two weekends from Singapore, Thailand, Korea, Hong Kong, and Malaysia. Covering 108,000 sqft at Singapore Expo Hall 4, the event ingeniously recreates the local heartland estate in an immersive tapestry, infusing vibrant art and celebrating creativity, fostering connections that highlights the spirit of community engagement in a playful, dynamic and programme-filled ground.

Kicking off 2025 as one of the first events of the year, ARTBOX EVERYDAY spans across two consecutive weekends, from the 17th to 19th and 24th to 26th of January. ARTBOX aims to reinforce its mission of fostering a connected society and a distinctive cityscape.

For the first time, ARTBOX will debut an inaugural Trade Day, fostering collaborations between local businesses, entrepreneurs, and industry leaders, adding a Business-to-Business (B2B) dimension to the event. This initiative not only highlights ARTBOX's commitment to supporting local enterprises but also plays a key role in bringing art closer to people and making it more accessible. Through partnerships with \*SCAPE, PacificLight, Trip.com, Chang Beer, and Volt Auto Pte. Ltd., ARTBOX will also debut ARTBOX Express—a mobile gallery bus service—that will bring art directly to the public, transforming everyday spaces into immersive creative experiences. Additionally, the ARTBOX Convenience Store will blend art with retail, further democratising access to artistic expressions and enabling visitors to engage with art closer to home.

“At ARTBOX EVERYDAY, we are excited to announce two new segments: ARTBOX Express and ARTBOX Trade Day. These platforms will celebrate the art and creativity of our community while supporting local businesses. Our focus is on fostering connections, inspiring the next generation, and boosting the creative economy. By bringing together artists, businesses, and visitors, we aim to create a vibrant space that strengthens community bonds and supports local growth.” commented Kent Teo, Founder and CEO, Invade

This initiative reinforces a commitment to sustainability and innovation, fostering dialogues around sustainable living, aiming to highlight the harmonious relationship between art and mobility.

### **ARTBOX Inaugural Trade Day**

INVADE Founder and CEO, Kent Teo, moderating industry discussion sessions

As events continue to evolve, ARTBOX is also embracing the growing trend of incorporating business-to-business (B2B) elements, alongside its usual consumer-centric programming. ARTBOX is taking a bold step in 2025 with the introduction of Trade Day, a dedicated platform for business-to-business (B2B) interactions. This new addition shifts the event's traditional focus beyond just consumer-centric (B2C) experiences, opening up valuable opportunities for local brands and entrepreneurs to connect directly with industry leaders, potential partners, and key stakeholders. Trade Day will foster mutual exchanges, collaborations, and partnerships across various sectors, driving business growth and innovation.

The curated Trade Day programme features keynote speakers such as Adrian Ang (SGAG), David Chua (National Youth Council), Johnathan Chua (GRVTY), and Clarence Chan (Bandwagon). Industry sessions will focus on two key topics: Shaping the Future of Creative Industries to Drive Sustainable Business Growth, which explores strategies and trends for long-term success, and Shaping the Next Generation in the Creative Economy, which highlights how to empower and develop future talent. These sessions aim to foster knowledge-sharing and build connections between vendors, landlords, organisers, and other business entities.

This strategic B2B dimension will strengthen ARTBOX's reputation as a space that not only celebrates culture and creativity but also builds meaningful business relations in the creative, retail, and lifestyle sectors.

Artbox will be in Singapore in January 2025! It will be called Artbox EVERYDAY. It will be held at Singapore
