

Artease at One Punggol: Plan a Library Cafe Stop That Fits

Description

Artease is at 1 Punggol Drive, #02-45, beside Punggol Regional Library. The cafe positions itself around quick meals, desserts and drinks; check its current menu and public-holiday hours before a special trip. This guide is for a punggol resident, library visitor or student deciding whether artease works for a drink, quick meal or study break and resolves one task: plan the location, timing and order without assuming an unverified price or quiet-work guarantee. The material claims were checked against [raiSE Artease member directory](#) and [One Punggol official listing](#).

Choose the route that matches your case

Situation	What to do
You are already using the library	Use the cafe as a short break without leaving the hub
You need a guaranteed quiet meeting	Choose a bookable space instead of relying on cafe conditions
You are making a special food trip	Check the live menu and opening update first
You have mobility or pram needs	Use One Punggol's lift and facility information

Find the right level

The official Artease site lists #02-45 at One Punggol, near Punggol Regional Library. One Punggol's address is 1 Punggol Drive. According to [raiSE Artease member directory](#), the controlling detail for this branch is the specific rule or service condition cited here.

Save the unit number because the integrated hub contains several food and community spaces.

Choose the cafe for the right task

Artease describes quick meals, desserts and beverages in community spaces. That makes it useful for a refuel or informal catch-up, not a guaranteed silent office. According to [One Punggol official listing](#),

the controlling detail for this branch is the specific rule or service condition cited here.

Use headphones courteously and move to designated library or co-working spaces for long calls.

Check the current menu

The official site highlights food, dessert and beverage categories but availability can change by outlet and time. According to [raiSE Artease member directory](#), the controlling detail for this branch is the specific rule or service condition cited here.

Avoid relying on a delivery-platform price for dine-in budgeting; check the outlet's current board or official channel.

Plan public transport

One Punggol says visitors can use buses 84 or 382W, walk from Punggol MRT, or alight at adjacent Sam Kee LRT. According to [One Punggol official listing](#), the controlling detail for this branch is the specific rule or service condition cited here.

Allow extra time at weekend peaks and check current operator information for service changes.

Use the hub's facilities

The official One Punggol page lists lifts, a nursing room, carpark and community facilities. According to [raiSE Artease member directory](#), the controlling detail for this branch is the specific rule or service condition cited here.

Families can sequence the cafe with library, blood-donation or community appointments without crossing the neighbourhood.

Protect the visit from a closure

Artease says opening hours may vary on public holidays and directs users to its official social channels for temporary closures. According to [One Punggol official listing](#), the controlling detail for this branch is the specific rule or service condition cited here.

Check the same day if the cafe is the main purpose of the trip.

Run the numbers or sequence

A parent can arrive via Sam Kee LRT, visit the library, take a 30-minute food break at #02-45 and use the hub's lift and nursing-room facilities. The plan remains flexible if the cafe is busy.

The calculation or sequence above is an LBRD working example. Replace every example input with the amount, date, access condition or document from your own case. Keep the official rate or threshold

beside the working so another person can reproduce the answer.

Build a verification note another person can check

Before acting, create a one-page case note headed with the task, the date checked and the person responsible. Copy only the facts that affect your decision, then attach the statement, booking, application, receipt, map record or screenshot that supplies your own input. This separates a published rule from a personal assumption. If the official page changes, keep the earlier dated record but rework the decision with the live version.

Controlling source	What to verify	What to retain
raiSE Artease member directory	One Punggol unit, operator identity, menu categories, social-enterprise status and disclosure limitations.	Record the page date, the exact rule used and the case input it governs.
One Punggol official listing	Hub address, public-transport access, facility hours and amenities.	Record the page date, the exact rule used and the case input it governs.

Read the source in context, including definitions, exceptions and effective dates. A relevant page is not proof by itself: the cited passage must contain the particular rate, deadline, eligibility condition, access rule or warning used here. Where two official channels appear inconsistent, pause and ask the authority about the exact case rather than choosing the more convenient answer.

Use the guide with its limits

A cafe guide can verify place, operator and access, but it cannot promise a seat, a particular item or the atmosphere at a future hour. Check the current menu and outlet update, then keep a nearby alternative.

No interview, personal use, fresh field visit, survey result or price check is claimed unless explicitly stated. Availability, fees and procedures can change. Reopen the linked authority page immediately before payment, travel, filing or emergency use.

Before you act

1. Save #02-45
2. Check the official menu update
3. Confirm holiday hours
4. Choose MRT, LRT or bus
5. Plan a backup seat or meal
6. Keep calls out of quiet zones
7. Recheck temporary closures

Mistakes that change the outcome

- Assuming delivery prices equal dine-in prices
- Promising a quiet table
- Using the wrong floor
- Treating standard hours as holiday hours
- Blocking a table for an all-day work session
