Tips for Beating the Queue

If past years are anything to go by, expect long lines â?? especially during the lunch rush around 12pm and the after-work crowd between 5pm and 7pm. For the shortest wait, try heading down mid-afternoon between 2pm and 4pm when the crowds tend to thin out slightly.

Bring your patience (and maybe an umbrella â?? it is April, after all). The queue moves steadily, and the reward at the end is well worth it.

What Flavours to Expect
