What's on Sale?

Home Appliances

The Payday Sale is one of the best times to purchase big-ticket home appliances. Look out for discounts on refrigerators, washing machines, air conditioners, and dishwashers from brands including Samsung, LG, Panasonic, Hitachi, and Mitsubishi. Payday promotions at BEST Denki typically include free delivery and installation for qualifying appliances – make sure to check the product listing for full details.

Televisions and Audio

QLED and OLED televisions from Samsung, Sony, and LG are usually among the most attractive deals during BEST Denki sale events. If you have been thinking about upgrading to a larger screen or a higher-resolution panel, this is an excellent window to act on it.

Laptops and Smartphones

The Payday Sale also covers laptops, tablets, and smartphones. Whether you are after a productivity laptop for work, a gaming notebook, or the latest Android flagship, you are likely to find competitive pricing – especially with the additional GrabPay discount stacked on top.

How to Maximise Your Savings

- 1. Use the promo code PAYDAYSALE** at checkout on bestdenki.com.sg to get up to \$350 off qualifying purchases.
- 2. Pay with GrabPay** for an extra layer of savings on top of the sale price. Link your GrabPay wallet to your checkout before finalising your order.
- 3. Check for trade-in deals** – BEST Denki occasionally runs parallel trade-in promotions that can further reduce the cost of a new device or appliance if you are replacing an older one.
- 4. Compare bundle deals** – some promotions offer a better effective discount when purchased as part of a bundle (e.g., washer + dryer combo) versus individual items.

When Does the Sale End?

The BEST Denki Payday Sale runs through **Sunday, 27 April 2026**. As this is the final day of the sale, stock on popular items may be limited – so if you have already decided on a purchase, it is worth acting today rather than risking a sell-out.

Head to bestdenki.com.sg to browse the full sale catalogue.
