THE FIRST FAN at Clarke Quay

THE FIRST FAN is PEACEMINUSONE's first collaboration with Disney and Pixar's Toy Story, presented in Singapore by collectibles company Mighty Jaxx. It runs from 16 October to 11 November at CQ @ Clarke Quay, unit #01-02, from 1pm to 11pm daily.

Entry is by timed pass only, booked in advance through [THE FIRST FAN](#)'s ticketing partner Klook at S\$12. Each pass includes one reusable bag in one of three PMO-Disney designs, given out at random.

Children aged three and under do not need a pass. A BIGBANG concert ticket does not get anyone in, each pass is good for one entry with no re-entry, and late arrivals have a 15-minute grace period.

What the pop-up sells

Woody, Buzz Lightyear, Jessie, Rex, the Aliens and Forky appear across figures, plush, clothing and homeware. Pre-order prices start at S\$4 for reusable stickers and S\$31 for a blind box figure, rising to S\$140 for the Alien and Bullseye collectable toys and S\$148 for a Buzz action figure. Several plush key rings are already sold out online.

Some pieces are Singapore exclusives sold only at the pop-up, and each customer can buy up to three of any one product. Spending S\$200 or more brings an invitation to buy a limited, individually numbered art toy series.

Payment is by card or online only, with no cash. Online pre-orders must be collected in person at Clarke Quay, at least one to two days after purchase.
