

BTS World Tour ARIRANG Singapore: December National Stadium Guide

Description

BTS World Tour ARIRANG is listed for Singapore National Stadium across four December dates: 17, 19, 20 and 22 December 2026. Live Nation Singapore's event page lists the show time as 7pm for each date.

The page also lists Ticketmaster as the online booking channel and Klook as the official experience partner sale channel, giving fans a clearer place to start before the heaviest booking windows arrive.

Show Dates And Prices

Live Nation's listing names National Stadium as the venue and sets ticket prices at S\$388, S\$328, S\$288, S\$238, S\$208, S\$168 and S\$148, excluding booking fee. Fans should use the price tiers as a planning guide before joining any queue.

The event page also lists VIP benefits. These include one premium seated ticket, commemorative VIP laminate and lanyard, limited-edition VIP gift item, access to a pre-show soundcheck party and a dedicated VIP merchandise booth lane, subject to availability.

How To Plan Around National Stadium

National Stadium concert nights can affect MRT, taxi and ride-hailing waits around Kallang. Fans booking the later December dates should leave enough time for bag checks, merchandise queues and movement between Stadium MRT, Kallang Wave Mall and the stadium gates.

Groups should also agree on a ticket tier before entering the booking flow. When demand is heavy, changing sections repeatedly can cost more time than deciding in advance which price bands are acceptable.

What To Watch Before Booking

Live Nation's page is the primary event listing to monitor for sale windows, queue rules and any additional show notices. If Ticketmaster publishes seat maps or booking-fee details later, those will decide the practical difference between each tier.

For now, the confirmed planning facts are the four dates, National Stadium venue, 7pm show time and the listed price ladder. That is enough for fans to start arranging leave, accommodation and travel buffers for December.
