Christmas Train Show at the Flower Dome

This is the show's third edition. Model trains run through miniature scenes inspired by the United States, Singapore and Finland, passing botanical models of railway stations on America's West Coast, East Coast and heartlands.

The Singapore section is bigger this year. Two SMRT trains run alongside reimagined MRT stations designed by architecture students from the National University of Singapore.

The last stop is a snowy Rovaniemi, the Finnish town known as Santa Claus's official hometown, with his toy factory, post office, reindeer sleigh and a traditional Finnish sauna. Christmas trees, conifers and poinsettias fill the rest of the dome.

Entry is with a Flower Dome ticket. For Singapore residents, that is S\$12 for an adult and S\$8 for a child aged 3 to 12 or a senior aged 60 and above. Last admission to the Flower Dome is 8.30pm, and the nearest MRT station is Bayfront.
