Quotas for this exercise

Category A has 1,193 certificates. Cat B has 927. Cat C (goods vehicles and buses) has 318. Cat D (motorcycles) has 522. Cat E (open, all except motorcycles) has 269.

Those are the supply numbers for this round. They sit beside last exerciseâ??s quotas, which were 1,195 / 934 / 310 / 514 / 300 for A through E.

Where the last round finished

The September first exercise closed at 4pm on 9 September. Final quota premiums were Cat A S$133,009, Cat B S$135,001, Cat C S$93,101, Cat D S$12,556 and Cat E S$137,890.

Cat Aâ??s S$133,009 print is the figure buyers still use as the recent floor for smaller cars and electric cars that fall under Cat A. Cat B and Cat E cleared a little higher.

How bidding runs

Open bidding stays live until Wednesday 4pm. Dealers and private bidders submit and revise through the OneMotoring COE board. Unused quota from earlier rounds does not rewrite the current category

totals shown above.

Until Wednesdayâ??s close, the only firm numbers for this exercise are the quotas. Last exerciseâ??s premiums are history; this weekâ??s clearing prices wait for the final results.
