What is on the floor

The roadshow gathers selected home appliances and consumer tech in a mall atrium format, so shoppers can compare floor models without a full trip to a COURTS megastore. Exact SKU discounts vary by display and stock; treat marked tickets at the atrium as the live price.

Who it suits

Residents around Sengkang, Buangkok and Compassvale get a week-long window that ends on Saturday, 13 September 2026. Evening visits are possible because the atrium stays open until 10pm. Buangkok MRT Exit B opens onto the mall edge, which keeps the walk short with bulky items in mind.
