

Craftholic Singapore Pop-Up At Changi: T3 And T4 Shopping Guide

Description

The character-goods pop-up runs from 9 July to 10 September 2026 at the public departure halls of Changi Airport Terminals 3 and 4.

Both locations operate from 10am to 10pm daily, giving collectors a long visit window without needing a boarding pass. The official line-up combines Japanese plushies, character goods and small collectibles rather than focusing on one single mascot.

Where And When To Find It

The pop-up operates at Terminal 3 and Terminal 4, Departure Hall, Level 2. Both are in the public area, which means local visitors can browse without clearing immigration or holding a flight ticket.

The published period is 9 July to 10 September 2026, and opening hours are 10am to 10pm every day. Terminal 4 is separated from the main T1&T3 cluster, so allow shuttle time if visiting both outlets.

- T3 Public, Departure Hall Level 2.
- T4 Public, Departure Hall Level 2.
- Daily hours: 10am-10pm.

What Collectors Can Browse

The range includes Craftholic and other Japanese character lines, with plush toys, mascots, accessories and collectible goods displayed in the official campaign imagery. Availability can differ between terminals and over the two-month run.

A sure-win lucky draw is advertised for qualifying spend, but the official page does not publish a universal threshold. Treat the cashier's current in-store mechanic as part of the purchase decision rather than assuming every transaction receives an entry.

- Japanese plushies and character merchandise.
- Limited-time pop-up promotions.
- Sure-win lucky draw tied to qualifying spend.

Payment And Airport Rules

Payments at this pop-up do not earn Changi Rewards, GST absorption does not apply, and the outlet is excluded from ongoing Changi shopping promotions. These exceptions matter when comparing a character item with a similar product in another airport store.
