

## Permanent Jewelry and Luxury Piercings: Curious Creatures Takes Jewelry to the Next Level

### Description

I've had the opportunity to attend many travel and food events, but a jewelry event (at Curious Creatures) was a first for me. Curious Creatures is a homegrown Singaporean jewelry brand retailing demi-fine and fine jewelry.

Their flagship store, situated at ION Orchard Singapore, is a haven for jewelry enthusiasts and those with a keen eye for finely crafted, unique pieces. The store promises an immersive experience for customers, with dazzling displays of Curious Creatures' signature jewelry collections. Curious Creatures is also known for its permanent jewelry and luxury piercing services.

Co-founders Larissa and Sherrin started Curious Creatures in 2011, designed and handcrafted every piece of jewelry, and more. What started as a creative outlet became a full-scale online business retailing demi-fine and fine jewelry. Kimberly Wang, a renowned radio personality at 987FM and digital creative joins their dynamic team as Creative Brand Consultant, bringing her unique blend of charisma and style to the brand.

I was particularly drawn to the brand's permanent jewelry offerings, a concept popularized by Curious Creatures in Singapore after launching it last year.

I was also impressed by the brand's commitment to sustainability. Curious Creatures partners with factories and jewelers who are dedicated to their craft, practices, and materials, and they produce their jewelry in small batches to maintain a commitment to quality over quantity.

Here's what you can expect, but better to go down to see for yourselves if you are interested.

The brand's commitment to quality, sustainability, and personal expression makes it a great choice for those who are looking for unique, high-quality jewelry. We had a little fun at the event too!
