

DBS SLR Revolution Deal: 20% Off PGYTech Products With Instalment Plan

Description

default watermark

The DBS SLR Revolution deal gives DBS/POSB cardmembers 20% off PGYTech products in stores when they spend at least S$500 with a 6- or 12-month instalment payment plan.

SLR Revolution sells camera gear and accessories, with the DBS offer applying at its Excelsior Shopping Centre and Jurong Point stores.

This is an in-store tech deal, not a general online coupon. The minimum spend is S$500 in a single receipt, and the payment condition is the DBS Instalment Payment Plan for either six or 12 months.

The useful pre-visit check is stock availability. If you are buying a PGYTech bag, mount, case or stabiliser accessory for an upcoming trip or shoot, call the relevant SLR Revolution outlet before heading down. The offer is more relevant to planned gear purchases than impulse add-ons.
