

## DBS Timezone Deal: Up To S\$20 Bonus Game Credits Till 30 June

### Description

**DBS Timezone bonus game credits** is useful if you already spend at Timezone with children, teens or arcade-loving friends. The promotion runs until 30 June 2026 and is split into separate routes for new Timezone Fun App users and existing app users.

### Key Details

- New-to-Timezone app users get S\$20 bonus credits with a S\$20 reload using promo code TZXDDBS.
- Existing Timezone app users get S\$10 bonus credits with a minimum S\$68 reload using promo code TDBS10.
- Payment must be made with DBS/POSB Cards or DBS PayLah! through a NETS terminal.
- New-user redemption is limited to one redemption per user account.
- Existing users may redeem up to three times, limited to one redemption per calendar month.

### How To Claim

- Download or open the Timezone Fun App and register if you are new.
- Tap the barcode scanner, choose manual entry and enter TZXDDBS or TDBS10.
- Tap Redeem Now so the e-voucher appears in My Vouchers.
- Present the e-voucher at a Timezone venue and complete the required top-up or reload.
- Use DBS/POSB Cards or DBS PayLah! when staff verifies payment.

### Useful Reader Note

The new-user route is the stronger value because a S\$20 reload unlocks another S\$20 in bonus credits. Existing users need a larger S\$68 reload for S\$10 bonus credits, so it makes more sense when you are already planning a longer arcade visit or topping up for more than one child.

Check the [DBS Timezone promotion page](#) before visiting because venue processing and Timezone app voucher availability matter at the counter.
