Description

Jewel Changi attraction ticket discounts are easy to miss, but Jewel Changi Airportâ??s own promotions page lists a long run of card and partner deals. Several give 20% to 25% off standard individual tickets, and most are valid until 31 December 2026 or well into 2027. Jewel is at 78 Airport Boulevard, and nearly all of these offers leave out Canopy Park, so read the exclusions before you book.

Jewel Changi attraction ticket discounts by partner

Jewel does not publish the promo codes on its page. Each partner supplies its own code, so you need to look in your bank app, member portal or hotel desk. Here is what the official page lists.

- DBS/POSB cards: 25% off standard admission to all attractions except Canopy Park, 20% off Bundle Deals 1 and 2, and 10% off PlayAtJewel Membership. Valid till 30 June 2027.
- JCB cardholders: 25% off standard individual tickets (excluding Canopy Park) and 20% off Bundle Deals 1 and 2. Valid until 31 October 2027.
- Keppel Electric: 20% off standard individual tickets, excluding Canopy Park and bundle deals. Valid until 31 December 2026.
- HomeTeamNS: 10% off Singapore Residents rates online, excluding Canopy Park and Bundle Packages 1 to 4. Valid until 31 December 2026.
- PAssion card: 10% off Singapore Residents rates, excluding Canopy Park and bundle deals. Valid until 31 December 2026.

Staying nearby? Hotel guests get 20% off

Guests at Changi Cove and at Holiday Inn Express Singapore Serangoon can get 20% off standard individual attraction tickets. Show your hotel room key card at the Level 1 Concierge. The offers exclude Canopy Park and bundle deals, and both are valid till 31 December 2026.

It is a handy trick if you have a staycation booked near the airport. The Level 1 Concierge handles the redemption on the spot, so you do not need to pre-buy online.

Free Canopy Park admission in your birthday month

Changi Rewards members get one free Canopy Park admission during their birthday month, valid till 31 March 2027. Terms apply, so check the Changi Rewards app for the redemption steps. If your birthday falls in December, you have a small window to plan a family day out.

Which discount is best for you

The biggest percentage cuts, 25% off standard individual tickets, come with DBS/POSB and JCB. If you hold one of those cards, that is the one to use, and it also lasts the longest. The 20% hotel and Keppel Electric offers come next, while HomeTeamNS and PAssion give 10% off Singapore Residents rates.

The page does not say whether these offers can be combined, so assume one per purchase and confirm at the counter. Pick your best match before you pay, because codes are usually keyed in at checkout. If you are going with kids or visitors, check whether a bundle deal fits better, because DBS/POSB and JCB take 20% off Bundle Deals 1 and 2.

Before you buy

1. Read the exclusions. Canopy Park is left out of most of these discounts, and bundle deals are excluded from several.
2. Get the right code. Online redemption needs a partner code, so have it ready before checkout.
3. Check the dates. HomeTeamNS, Keppel Electric, PAssion and the hotel offers lapse on 31 December 2026, while DBS/POSB and JCB run longer.
4. Terms and Conditions apply to every offer, and Jewel can change them.

Jewel is also a fun place to be this season, with Pikachu meet-and-greets and nightly snow at Changi Airport and Jewel. Looking for other attraction savings? See our guide to 50% off Mandai Wildlife Reserve tickets with POSB cards and the Universal Studios Singapore Season Pass deal.
