Description

The IKEA Family offers November 2026 list has 167 discounted items, and the headline buys are a MALM dressing table at S$99 (usual S$169) and a MALM six-drawer chest at S$199 (usual S$289). The November batch of prices is valid from 1 to 30 November 2026 or while stock lasts, so you still have about two weeks. Joining the IKEA Family programme is free, and you enter your member number at online checkout or scan your card in store.

How the IKEA Family offers work

These are member-only prices on selected products, shown on the IKEA Singapore Family offers page as â??IKEA Family priceâ?• with the regular price crossed out beside it. They are not sitewide cuts. If you are not a member yet, you can sign up for free from that page before you check out.

Two validity windows appear on the list. Items marked 1 to 30 November 2026 are the seasonal drops, and they are the ones to move on first. Other items carry prices from 28 August 2026 to 25 August 2027, so those are everyday member prices rather than a rush.

Biggest savings on bedroom and storage furniture

Bedroom pieces have the deepest percentage cuts in the batch. Here are the standouts valid until 30 November 2026:

- MALM dressing table, white, 120Ã?41 cm: S$99, down from S$169 (41% off, save S$70)
- NORDLI modular chest of 2 drawers, white, 80Ã?45 cm: S$79, down from S$125 (save S$46)
- MALM chest of 6 drawers, black-brown, 80Ã?123 cm: S$199, down from S$289 (31% off)
- MALM chest of 6 drawers, black-brown, 160Ã?78 cm: S$209, down from S$299 (30% off)
- VIHALS day-bed frame, white, 80Ã?200 cm: S$129, down from S$169
- VIHALS day-bed frame with trundle bed: S$259, down from S$299

The MALM dressing table is the best value on percentage alone. At S$99 it suits a small HDB bedroom where a full wardrobe corner is out of the question.

Wardrobes and cabinets worth a look

If you are replacing a wardrobe, the LASTARE range has three Family prices this month. The 60x62x201 cm white combination is S$198 (usual S$242), the 120x62x201 cm combination is S$368 (usual S$462), and a single frame with doors, 80x62x200 cm, is S$150 (usual S$190). Smaller LASTARE frames are listed as options under the same offer.

For living areas, the GREÃ KER cabinet with drawers (white, 84Ã?101 cm) is S$189 instead of S$259. The GALANT cabinet with doors (white, 80Ã?120 cm) is S$279 instead of S$349. Those two suit a study corner or a bedroom that doubles as a work space.

You do not need to spend hundreds to benefit. The smaller items also run to 30 November unless stated, and several keep their member price into August 2027.

How to get the best from your IKEA Family offers November 2026 shop

Filter the Family offers page by room or product type, since 167 items is a long scroll. Check the â??price validâ?• line on each item, because the November batch ends on 30 November and some

stock is limited. Add your member number at checkout, because the price is applied at payment, not in the basket.

Measure first. A 120 cm wide LASTARE combination needs a clear wall of about 1.3 m once you allow for skirting and door swing. If you are weighing furniture for a flat, our HDB home care guide covers who looks after ceilings, windows and tiles before you move pieces in.

Comparing options before you commit? We also covered the Island Living warehouse sale, which ended on 15 November 2026, so it makes a handy price benchmark for similar furniture. If you are buying with a card, check your issuerâ??s own offers separately, because member prices here are set by IKEA.

Delivery and stock are shown item by item on the product listings, and the offers page marks items as available for delivery. Prices and availability can change, so confirm on the IKEA Singapore site or in store before you head down.
