The Decathlon 11.11 sale runs from 7 to 12 November 2026 on decathlon.sg and the Decathlon app, with deals of up to 70% off, free shipping on orders from S$40 and flash sales on 10 and 11 November. Before that starts, there is a small pre-heat game you can play today: one spin a day for a promo code worth up to S$10, until 6 November.

If you have been eyeing a yoga mat, a kidâ??s bike or some winter gear for a December trip, this is the week to sort out your cart. Here is how the pieces fit together, plus the fine print on which codes actually stack.

Decathlon 11.11 sale dates and headline perks

Decathlonâ??s own landing page and banners lay out the main sale like this:

- Sale period: 7 to 12 November 2026.
- Deals up to 70% off across Decathlonâ??s own brands and marketplace sellers.
- Free shipping with a minimum spend of S$40, applied automatically at checkout, on products sold and shipped by Decathlon. The usual free home delivery threshold is S$79.90, so this roughly halves it.
- Flash sales on 10 and 11 November.
- Atome vouchers of up to S$15 off when you pay with Atome.

Decathlon says more than 1,000 products are discounted for 11.11. Its 11.11 Hero Deals row leans hard on winter products, which is handy if you are flying to Japan or Korea over the December holidays and do not want to pay full price for a down jacket you will wear for ten days.

Three Decathlon 11.11 prices already on the banner

The sale banner shows three marked-down items, and the same prices already appear on the deals page:

- Kids Bike 14 Inch Discover 900 2-in-1 Balance to Bike (3 to 5 years): S$169.90, shown as 20% off.
- 4mm Ultra Grip Dynamic Yoga Mat with alignment lines (green): S$39.90, shown as 33% off.
- ED110 electronic dartboard: S$17.90, shown as 45% off.

The balance-to-bike is the interesting one for parents. It starts as a balance bike and converts into a pedal bike, so a three-year-old can use it for a couple of years. Add a helmet and you are past S$40 for free shipping without trying.

Spin and Win codes: play until 6 November, use until 15 November

The pre-heat game sits on decathlon.sg/s/deals. According to Decathlonâ??s T&Cs, it runs from 12am on 2 November to 11.59pm on 6 November 2026, with one spin per person per day. Decathlon puts the odds of winning at about one in four.

The four prizes are:

- S$3 off a minimum spend of S$60 (web or app)
- S$5 off a minimum spend of S$120 (web or app)
- S$10 off a minimum spend of S$180 (web or app)
- S$8 off a minimum spend of S$150, app only

Each code is valid until 11.59pm on 15 November 2026 and can be used on more than one order while the redemption quota lasts. So you can win a code today and keep it for the main sale from 7 November.

The catch: the T&Cs say the codes are not valid with any other vouchers or promotions. Do not count on stacking a spin code with an Atome voucher in the same order, and check the cart total before you pay. If an item you return was bought with a discount, the refund is the net amount after the discount.

How to get the most out of the Decathlon 11.11 sale

1. Spin once a day until 6 November. Four tries give you a decent chance of at least one code.
2. Build your wishlist now so you are not scrolling during the 10 and 11 November flash sales.
3. Keep orders of Decathlon-shipped items above S$40 to get free shipping. Marketplace items may follow the sellerâ??s own delivery rules.
4. Pick between a spin code and an Atome voucher based on which saves more for that particular cart.
5. If you would rather not wait for delivery, Decathlonâ??s free two-hour Click & Collect is another option.

A small reminder from someone who has done this before: the S$10 code needs a S$180 cart. Do not buy a S$40 water bottle you do not need just to hit the threshold.
