

Della Ding Singapore Concert 2026: MBS Ticket Notes For 30 May

Description

default watermark

Della Ding Singapore concert 2026 is set for 30 May at Sands Theatre, Marina Bay Sands. The show is billed as Loving You A Million Times Over, a concert built around the Mandopop vocalistâ??s big ballads and love-song catalogue.

For Singapore fans, the useful part is timing. This lands near the end of May, in the same cultural window as several arts and concert weekends, so Bayfront will be busy. If you are planning dinner, transport or a group booking, treat the show as a full evening rather than a last-minute stop.

What To Know Before Booking

The venue is Sands Theatre, which is directly connected to The Shoppes at Marina Bay Sands and Bayfront MRT. MBS notes that event production may include effects such as strobe lighting, fog or haze, so sensitive concertgoers should factor that into seat choice.

Fans should book through the official MBS channel and check the final ticket category, entry time and admission conditions before payment. For overseas visitors, staying around Marina Bay or along the Downtown Line will make the exit easier after the show.

'LOVING YOU
A MILLION TIMES
OVER"

The Singapore stop is staged at Marina Bay Sands on 30 May 2026.

Who This Show Suits

This is one for listeners who want a vocal-led Mandopop evening rather than a festival-style set. Dellaâ??s appeal is emotional delivery, so seats with a clean stage view matter more than being closest to the front.

If you are making it a date night, book dinner early around Bayfront, Promenade or City Hall. The Sands Theatre area is convenient, but restaurants fill quickly when a theatre show and other MBS events overlap.
