

## Ele Yan MOMENTn Singapore Concert Lands At The Indoor Stadium

### Description

Ele Yan brings the MOMENTn 2026 World Tour to Singapore Indoor Stadium on 6 June 2026 at 8pm. The Kallang listing positions Singapore as the first overseas stop of his 2026 world tour and his debut performance here.

The show is presented by Live Nation Singapore and is described around a cyberpunk-inspired aesthetic, upgraded stage design, choreography, setlist and an immersive audio-visual experience. The listed language is Mandarin.

### Tickets And Timing

Ticket prices on the venue listing run from S\$178 to S\$338, with VIP at S\$338 and other categories across S\$298, S\$268, S\$238, S\$198 and S\$178. Restricted-view options are also listed, so buyers should read the seat category carefully rather than choosing by price alone.

Booking fees are stated by ticket price band, with higher fees for more expensive tickets. The listing also shows ticket purchase limits: six tickets during presale and eight during general sale.

- Date: 6 June 2026.
- Time: 8pm.
- Venue: Singapore Indoor Stadium.
- Price range listed: S\$178 to S\$338 before booking fees.

### Before You Book

Fans should decide whether stage view or budget matters more. A cheaper restricted-view seat can still work if you mainly want the atmosphere, but it may frustrate buyers expecting full production sightlines.

Because the concert is at the Indoor Stadium, build the evening around crowd flow. Stadium MRT is the simplest arrival point, but post-show exits can bunch up around the station and taxi queues. Eat before

entering the precinct if you do not want to compete with the late-dinner crowd after the encore.

Use the [Kallang concert listing](#) and [Ticketmaster](#) sales page. More show picks are in our [Entertainment](#) section.

- Nearest MRT: Stadium.
- Plan dinner before the 8pm show.
- Do not buy resale tickets without checking transfer rules and seat details.
