EVERYBODY LAUGH FEST 2026 AT SOUTHSIDE SENTOSA

An Evening Built for EV Drivers

The concept is brilliantly simple: drive your EV in, park up, and enjoy a 2.5-hour comedy spectacular from your own front seat. The evening is crafted around an emotional arc that takes audiences on a journey from the optimism of EV ownership, through the realities of the green lifestyle, and on to the confidence of a more sustainable future. Expect laughs, relatable moments, and a few honks along the way.

A Star-Studded Lineup

Headlining the festival is **Kavin Jay**, one of Southeast Asia's most beloved stand-up comedians, joined by **Jen Han** and **Nebulous Niang**. Veteran performers **Hossan Leong** and **Pam Oei** take on hosting duties, keeping the energy high throughout the evening. Between sets, interactive segments including the "Honk If You" audience game and a *Passenger vs Driver* quiz are sure to spark some friendly in-car debate plus a lucky draw finale to round things off.

What's Included at \$25 per EV

At just **\$25 per registered EV**, each ticket covers all passengers within the vehicle's legal seating capacity and includes:

- Access to the full 2.5-hour comedy show
- A **\$10 F&B voucher** redeemable at Southside
- **Complimentary Sentosa entry** on your selected event day
- **Free on-site EV parking**

Income Car Insurance policyholders will also receive special promotional rates - check your email inbox for details.
