Description

Expedia DBS Travel Tuesday has one round left. On Tuesday 24 November 2026, DBS and POSB cardholders can use code DBS2650NOV4 for 50% off selected hotels, capped at S$100. Run in parallel is a year-end code, DBSYEAREND26, that takes S$100 off a S$550 hotel booking in Japan, South Korea or Thailand until 31 December 2026.

Both offers sit on Expedia Singaporeâ??s DBS page, and both need a DBS or POSB credit or debit card at payment. Here is how the numbers work.

Expedia DBS Travel Tuesday: 50% off, up to S$100, on 24 November only

Expedia releases a new code every Tuesday in November. The 3, 10 and 17 November codes are done, so the last one is DBS2650NOV4, bookable from 00:00 to 23:59 on 24 November 2026 (Singapore time), or until the quota runs out.

- Discount: 50% off the room price before taxes and fees, up to S$100
- Booking window: 24 November 2026 only
- Travel dates: 24 November 2026 to 30 June 2027
- Limit: one redemption per customer, first come, first served
- Payment: DBS or POSB credit or debit card

The maths is simple. The S$100 cap is hit on a room that costs S$200 before taxes and fees, so the code is best used on a pricier stay. On a S$400 booking you pay S$300, a 25% saving.

S$100 off S$550 for Japan, South Korea and Thailand

The year-end code is DBSYEAREND26. Spend at least S$550 on a hotel in Japan, South Korea or Thailand and S$100 comes off, which brings a S$550 booking down to S$450 (about 18% off). Book by 31 December 2026 and travel any time until 30 June 2027.

That window covers Chinese New Year in February and the March school holidays, so it suits early planners. For reference, Expediaâ??s page listed Shinjuku Granbell Hotel in Tokyo at S$164 a night (marked down from S$337) for 2 to 3 January when we checked on 19 November, though prices change by the hour.

If you are comparing other bank deals, our Agoda DBS POSB November Mega Sale guide covers a different platform with an extra 15% off.

A quick tip: Expedia shows the discount on the payment page, under Enter voucher code. If the price does not drop after you apply it, the property is probably on the exclusion list, so try another hotel before the quota runs out. Set a reminder for 24 November, since the code is gone by midnight.

The always-on DBS codes

Two year-round codes stay on the page for everyday bookings, so they are worth saving even after Tuesday passes.

- DBSSG8: extra 8% off selected hotels worldwide. Book by 31 December 2027, travel by 30 June 2028
- DBSSG5: extra 5% off selected activities. Same booking and travel windows

Expediaâ??s terms say only one coupon can be used per transaction, so you have to pick between Tuesdayâ??s 50%, the S$100 year-end code and the 8%. Do the sum on your actual booking before you pay.

Terms and conditions to check

- Coupons work on pre-pay, stand-alone hotel bookings made on Expedia Singapore. Pay-at-property rates, flight-plus-hotel packages and properties on Expediaâ??s exclusion list do not qualify
- The discount comes off the price before taxes, fees and other charges
- One coupon per transaction; on multi-room bookings the Tuesday discount applies to the lowest-priced room only
- Coupons cannot be combined with other coupons or promotions, and bookings earn no third-party cashback or miles
- The Tuesday code is for DBS cardholders aged 18 and above who are Singapore residents
- No cash value, and the coupon counts as used once a qualifying booking is made, even if you later cancel or change it

Full terms are on Expedia Singaporeâ??s DBS page. If you are flying too, check the Singapore Airlines 11.11 sale before it closes on 20 November.
