A 40th Anniversary Worth Commemorating

The **40th Anniversary Heritage Keepsake Box** is designed to outlast the mooncakes inside it. Its Bordeaux-hued exterior is adorned with an intricate golden gilded clasp, the form and finish inspired by Fairmont Singapore’s distinctive façade and balcony architecture. The idea is straightforward: this is packaging that becomes a keepsake, something worth keeping on the shelf rather than recycling once the mooncakes are done.

This year's collection is available in a range of configurations – individual gift sets, multi-piece boxes, and corporate gifting options – making it suitable whether you're treating yourself or sourcing something memorable for clients and colleagues this festive season.

A Historic First: Halal-Certified Baked Mooncakes

The headline development for 2026 is that Fairmont Singapore is launching its **first fully Halal-Certified Baked Mooncakes**. This is a meaningful expansion of the collection, bringing the hotel's classic baked mooncakes to more Singaporean families and making the range a far more practical gifting option across communities – colleagues, neighbours, and clients included.

The baked range covers classic flavour territory – single yolk, double yolk, and oolong varieties – elevated by the Fairmont kitchen’s characteristic attention to quality. The low-sugar options add yet another layer of practicality for health-conscious recipients.

Handcrafted Snowskin Mooncakes

Fairmont Singapore’s pastry team has crafted a **Handcrafted Snowskin Mooncakes** range that leans into current flavour trends while maintaining a five-star standard of execution. Standout variants include **Champagne & Whisky** and the wildly popular **Dubai Chocolate** flavour – both wrapped in delicate, pillowy snowskin and finished with the precision you’d expect from a hotel pastry kitchen.

The Heritage Keepsake Box naturally makes for the premium tier — something that recipients are unlikely to toss, and that carries the weight of a genuinely meaningful gift.
