

FairPrice CDC And SG60 Voucher Deal Gives A S$6 Return Voucher With S$60 Spend

Description

default watermark

FairPrice has a short CDC and SG60 voucher mechanic for grocery shoppers watching Singapore deals. The offer gives a S$6 FairPrice Return Voucher with every S$60 nett spend using CDC Supermarket Vouchers and/or SG60 Supermarket Vouchers in a single receipt at FairPrice, Finest or Xtra.

The timing is tight: the issuance window runs from 11 to 17 June 2026, while vouchers last. The return voucher then has a longer redemption window, so the best use is a planned grocery basket rather than a small top-up run.
