

FairPrice lists Emerald double-yolk mooncakes at S\$36.80 to 25 September

Description

FairPrice's [Bring Home Mid-Autumn Cheer](#) circular prices **Emerald** White Lotus Paste Mooncake with Double Yolks (4s) at **S\$36.80** against a U.P. of S\$48.80 from 10 to 25 September 2026. That is a 24 per cent cut on the four-piece box, or S\$12.00 off the usual figure on the same page.

The same circular keeps other Mid-Autumn tickets on one board as separate SKUs. **Tai Thong** Teochew Mooncake (4s) is listed at S\$11.80 (U.P. S\$15.50). Pasar Malaysia Pomelo (1.2kg) is S\$5.50 (U.P. S\$7.80, 29 per cent off). Zeyu pastry mooncakes with salty egg yolk, red bean or original (6s), list at S\$10.90 (U.P. S\$11.90). Emerald remains the double-yolk hero box; Tai Thong is a different Teochew line, not the same tin.

Giant Ho's Bakery as a second chain

At selected Giant outlets, Ho's Bakery mooncakes are S\$14.90 (U.P. S\$15.90) until 16 September 2026, while stocks last. The published list covers Mixed Nuts, Mung Bean Paste and Mung Bean Paste Single Yolk packs in a 2 x 160g format. Participating outlets named for the offer are Tampines Hypermarket, IMM, Ang Mo Kio 316, Ang Mo Kio 3, Beauty World, Bedok Market Place, Choa Chu Kang, Kampong Ubi, Northshore Plaza 1, Simei MRT, Tengah Plantation Plaza and Woodlands Mart.

A S\$1 cut on a S\$15.90 bakery pack is thin on its own.

FairPrice individual as a walk-in filler

On fairprice.com.sg, Delyco Mixed Nut Mooncake in an individual 180g pack is listed at S\$5.45. That is a single-serve price, not a gift box, and it sits outside the circular's Emerald arithmetic. Use it if you need one piece tonight; use the Emerald 4s box if you are buying for a table under the Mid-Autumn Cheer dates.

Emerald at S\$36.80 for four is the only ticket on this board with a double-digit dollar saving against its printed U.P. Pomelo at S\$5.50 is the sharper percentage cut. Giant's Ho's pack and the Delyco individual are smaller moves. Mid-Autumn Festival is 25 September 2026; FairPrice's Cheer window

ends the same day, while Giant's Ho's price ends nine days earlier.
