Smart Shopping Tips for FairPrice Weekly Specials

Plan your meals first. Before heading to the store, plan your meals for the week and match them against the weekly promotional items. This way, you're buying what you actually need at the best available prices, rather than buying deals for their own sake.

Download the FairPrice app. The FairPrice app shows the full weekly catalogue, lets you add items to your shopping list, and often features additional digital coupons and rebates. It also shows you stock availability at your preferred outlet.

Buy in bulk for non-perishables. When pantry staples like rice, canned goods, or cleaning products are on promotion, it's worth buying more than you immediately need – especially if you have storage space. The savings on bulk purchases can be substantial.

Combine with LinkPoints. FairPrice's loyalty programme, LinkPoints, allows you to accumulate rewards points on every dollar spent. During promotional weeks, bonus LinkPoints earn events are sometimes also active – so you save twice.

Stack credit card cashback. Cards like the **CIMB Visa Signature** and **UOB One Card** offer cashback on supermarket spending. Using the right card at FairPrice can add another 3-8% in cashback on your total grocery bill.

FairPrice Outlets Across Singapore

FairPrice operates over 150 outlets across Singapore, including FairPrice Finest, FairPrice Xtra, Cheers convenience stores, and Unity pharmacy outlets. Chances are, there's one near you.

For the full list of this week's promoted products and to shop online, visit fairprice.com.sg or download the FairPrice app. Promotion is valid until **29 April 2026**. While stocks last.

Note: Deals may vary slightly across different outlet formats (FairPrice, FairPrice Finest, FairPrice Xtra). Check the website or app for outlet-specific promotions.
