GRIND THE ESSENTIALS

At the forefront of their offerings are three signature drinks: Gula Aren Latte, Pandan Oat Latte, and Butterscotch Sea Salt Latte. These distinct creations serve as a showcase of the varied flavors and aromas inherent in Indonesian coffee.

We chose the **Butterscotch Sea Salt Latte** (a preferred selection among Singaporeans on social media platforms) and the **Berry Manuka Americano**, and we thoroughly enjoyed both choices, recognizing the reasons for their popularity. However, we were surprised to observe that the cup wasn't filled to the brim, attributed to our choice of less ice.

Our selection, the **Cempedak Crumble Tart**, though delicious, leaned towards excessive sweetness. If heated up, it would have rendered it perfect.

The establishment's warm and inviting ambiance positions it as an ideal setting to unwind and savor a cup of coffee with friends or colleagues.
