

Gardens By The Bay Wedding Showcase 2026: What Couples Can See

Description

The Wedding Showcase at Gardens by the Bay is set for 14 June 2026, and it is a useful research stop for couples who want a venue with built-in scenery rather than a blank ballroom.

Admission is free with registration required. The event spaces are Flower Field Hall and Waterview Room, with entry via the Group Entrance beside the Flower Dome entrance.

What Couples Can Check

The showcase includes wedding dining concepts, venue styling, a real-bride Q&A and package-related perks for couples confirming a Gardens by the Bay Wedding Package by 30 June 2026.

That makes it more practical than a mood-board scroll. Couples can look at room flow, guest arrival, caterer fit, photo angles and how much extra decor is really needed in a garden setting.

Planning Notes

Go with a rough guest count and preferred month before attending. Venue showcases are most useful when you can ask pointed questions about minimum spend, wet-weather logistics, vendor rules and guest movement.
