[Halloween Horror Nights 14](#) at Universal Studios Singapore opens its first nights on Friday 25 and Saturday 26 September 2026, running 7.30pm to 12.30am on selected dates through 1 November.

Those two September dates sit on the Non-Peak calendar. Peak nights start later in October. Tickets are sold on the Resorts World Sentosa site for a single visit on the date you pick.

First nights and calendar

Non-Peak dates include 25 and 26 September, then 1, 2, 3, 8, 9, 15 and 16 October. Peak dates are 10, 17, 22, 23, 24, 29, 30 and 31 October, plus 1 November.

Advance purchase is required. Each ticket covers one entry on the selected night. Live ticket prices sit on the RWS checkout rather than as a fixed figure on the event page, so buy through the official tickets board for the night you want.

Mastercard Exclusive tickets are listed separately on the same page, with an extra S\$5 off on Mastercard purchases. Bundles such as Early Access for Two, R.I.P. Tour, Unlimited Visits and student packs of four also appear there.

Karang Guni Man and the night product

HHN14 centres on the Karang Guni Man, with four haunted houses, live shows and scare zones after dark. Street scare characters move through the park once the gates open for the night event.

RWS says the event may be too intense for young children and is not recommended for anyone under 13. Adult discretion is strongly advised.

Not the same as Trick or Thrills

Trick or Thrills is the daytime family Halloween product under Festival of Thrills. It runs with regular USS daytime admission and is built for candy trails and family zones, not the overnight scare houses.

If you want the horror night, book HHN14 for 25 or 26 September on Non-Peak. If you want a daytime family Halloween, that is Trick or Thrills on a separate ticket path.
