Description

Hendrickâ??s Anotherland at +Twelve is a one-day World Gin Day beach-club event on 13 June 2026 at The Palawan @ Sentosa. The official event page lists the party from 2pm to 10.30pm, with reservation recommended for guests planning to spend the afternoon and evening at +Twelve.

The format is deliberately more than a bar promotion. The event page lists cocktails, DJs, interactive experiences, face painters, tattoo artists and a dress-up theme built around guests arriving as their boldest alter ego with a touch of black, white or both.

The Key Timings

The event is listed for 13 June 2026 only, starting at 2pm. It runs into the night until 10.30pm, which makes it a better fit for adults planning a long Sentosa afternoon than for a quick drink between other island activities.

Guests who reserve early get a useful perk. The page says the first 100 guests to reserve by 9 June 2026 unlock a complimentary DIY Gin & Tonic Experience to enjoy on event day.

- Date: 13 June 2026.
- Time: 2pm to 10.30pm.
- Location: +Twelve, The Palawan @ Sentosa.
- Admission note: reservation recommended.
- Early perk: first 100 reservations by 9 June get a complimentary DIY Gin & Tonic Experience.

What Happens Inside

The event page names DJ Jasmine Red for high-energy sets, with face painters and tattoo artists adding to the party setup. Guests who buy a bottle of Hendrickâ??s can also play a sure-win dice game: any number receives a Hendrickâ??s gift, while rolling 6 + 6 = 12 unlocks S$200++ worth of +Twelve dining credits.

There is also a staycation prize tied to the dress theme. Guests arriving in the black-and-white alter-ego spirit stand a chance to win a one-night stay in a Superior Hill View Room at Shangri-La Rasa Sentosa, Singapore.

How To Plan The Sentosa Visit

Because the event is at +Twelve, plan it as a beach-club reservation first and a walk-in drink stop second. Visitors coming from the mainland should leave time for Sentosa transport and any bag or dress-code checks before the 2pm start.

The event page is the place to watch for reservation links and any age, dress or table minimum updates before 13 June. For groups, the early reservation window is the practical move because it is tied to the DIY Gin & Tonic perk.
