Description

The HipVan 11.11 sale is on until Wednesday, 11 November 2026, and one code covers the whole store. Key in **MEGA11** at checkout for 8%, 11% or 15% off, depending on how much you spend. The jump to 15% starts at S$1,000, which is easy to hit with a single sofa.

I checked the details on HipVanâ??s 11.11 sale page on 6 November 2026. Here is how the tiers work and where the sweet spot is.

HipVan 11.11 sale tiers with code MEGA11

- 8% off with a minimum spend of S$200
- 11% off with a minimum spend of S$400
- 15% off with a minimum spend of S$1,000

The minimum spend is based on your final cart value after all discounts. Items that are already on promotion or in clearance count towards it and get the code discount too. You can only use one promo code per order, so MEGA11 will not stack with your first-order sign-up code.

HipVanâ??s banners say the sale runs â??now till 11 Novâ?•. It has not published an exact cut-off time, so do not leave it to the last minute on 11 November. If you are still deciding, set a reminder for the evening of 10 November and check out then.

What MEGA11 does to real prices

Sofas are where the 15% tier makes the biggest difference. Prices on HipVanâ??s sofa page on 6 November:

- Billand 3 Seater Sofa in olive green fabric, S$1,149 (was S$1,299). With 15% off, you pay S$976.65.
- Tolando 3 Seater Sofa in retro stripe, S$1,099 (was S$1,299). That drops to S$934.15.
- Holly 3 Seater Swivel Sofa in beige, S$1,299. That becomes S$1,104.15.
- Clyde 4 Seater Power Recliner Sofa in Oslo Tan top-grain leather, S$3,299. That saves you S$494.85, so you pay S$2,804.15.

There is no cap on the discount listed in the terms, so the bigger the cart, the bigger the saving.

Smaller buys: the 8% and 11% tiers

Not shopping for a sofa? The lower tiers still help with tables and beds. A few prices I found on 6 November:

- Alessia Round Coffee Table 0.8m in travertine sintered stone, S$349 (was S$399). That clears the 8% tier, so you pay S$321.08.
- Colette Coffee Table in sintered stone, S$379. With 8% off it comes to S$348.68.
- Vera Queen Storage Bed in Pebble, S$799. That is in the 11% band, so it drops to S$711.11.
- Delcie Drawer King Bed in grey, S$399 (was S$599).

That Delcie bed is S$1 short of the 11% tier. On its own, 8% off brings it to S$367.08. Add a S$10 accessory and the cart hits S$409, so 11% off makes the total S$364.01, which is less than the bed alone.

The S$1,000 sweet spot

This is the bit kiasu shoppers will like. A S$950 cart gets 11% off and costs S$845.50. Push the same cart to S$1,000 and it gets 15% off, so you pay S$850.

That means the extra S$50 of stuff costs you just S$4.50. If your cart lands anywhere above about S$955, topping it up to S$1,000 costs you next to nothing, so add the rug, lamp or cushions you were going to buy anyway. Just remember the threshold is checked after other discounts.

One more habit worth keeping: put everything in a single order. Two S$600 carts each get 11% off, but one S$1,200 cart gets 15%, which works out to S$48 more in your pocket. If family members are also eyeing something, pool it into one checkout and settle the split over PayNow later.

Delivery and the showroom

- Delivery is free for orders above S$300.
- New members can get up to 16% off a first order by signing up, but that is a separate code and cannot be combined with MEGA11. Compare the two before you check out.
- HipVan reserves the right to change or withdraw the promotion without notice.

To sit on a sofa before you buy, the HipVan showroom is at Blk B #01-08 Clarke Quay, Singapore 179021, open 11am to 9pm daily. The sale page does not say whether MEGA11 can be used in the showroom, so ask the staff before you pay.

Shopping around? The Courts Pre-11.11 sale takes S$11 off every S$99 until 8 November, and Best Denkiâ??s 11.11 sale covers the appliances. For a flat-pack comparison, look at last monthâ??s IKEA Family prices.
