Four zones across the halls

Illuminate covers how the departments work together, with a cinematic immersive experience and hands-on booths. Imagine holds new technology, and Involve is about careers, volunteering and community work.

On the floor are a police Tactical Vehicle, the Next-Generation Fast Response Car and a Traffic Police expressway patrol car, alongside SCDFâ??s enhanced seventh-generation ambulance, its Electric Pump Ladder and a Vehicle Extrication Robot. HTX has a deepfake detection exhibit called AlchemiX and a drone forensics display, and the Singapore Prison Service runs a booth where visitors roleplay as a prison officer.

The busiest stations run on an electronic queue. Visitors scan a QR code at the booth for an e-ticket tied to their festival account. The list includes CNBâ??s Drug Buster and a hands-on door ram, ICAâ??s vehicle search and an officer chase game, SCDFâ??s Fight the Fire and Smoke-Logged Confined Maze, and an HTX robotics session.
