

iPhone 17 Singapore price is S\$1,449 for 256GB and S\$1,749 for 512GB

Description

iPhone 17 is on sale at [Apple Singapore](#) from **S\$1,449** for 256GB and **S\$1,749** for 512GB, GST included.

Those are the live figures on [apple.com/sg](#). Colours are Mist Blue, Lavender, Black, White and Sage. Both storage options run across the five finishes.

What the Singapore price sheet shows

The standard iPhone 17 starts at 256GB. That is already the entry storage, not a 128GB base. The jump to 512GB is S\$300 on Apple's Singapore store.

The buy page now shows S\$1,449 and S\$1,749 for the two capacities. Use the store figure when you are comparing a quote from a telco or authorised reseller.

Colours

Mist Blue, Lavender, Black, White and Sage are the five finishes listed on the Singapore configure page. None of those five is flagged as online-only on the same sheet.

Trade-in and where to buy

Apple's Singapore newsroom launch note put Apple Trade In credit for iPhone 17 in a band from about S\$275 to S\$1,240, depending on the handset you hand over. The live quote is generated inside the buy flow and will move with condition and model.

You can order on [apple.com/sg](#), through the Apple Store app, or at Apple Orchard Road and authorised resellers. Local Apple warranty follows the authorised channel. Grey import is a different warranty story.
