The star of the promotion is the **Chicken Wafflewich** – a satisfying creation that swaps the usual burger bun for soft, golden waffles. Sandwiched in between is KFC’s signature crispy chicken fillet, delivering the perfect balance of sweet and savoury in every bite. It’s a unique twist that has made the Wafflewich a fan favourite whenever it makes a comeback.

As part of the **value meal**, customers get more than just the Wafflewich. The set includes a side and a drink, making it a complete and filling meal whether you’re grabbing a quick lunch, heading out with friends, or treating yourself after a long day. With rising food prices, this value deal offers a budget-friendly way to enjoy a satisfying fast-food indulgence.

This limited-time promotion is available at **participating KFC outlets across Singapore** while stocks last. As with many seasonal KFC specials, availability may vary by location, so fans are encouraged to head down early to avoid missing out. Whether you’re a longtime KFC supporter or simply curious to try something new, the Chicken Wafflewich Value Meal is a festive-season treat worth checking out.
