## Why This Matters For The June School Holidays

The June school holidays run from 30 May to 28 June 2026, four weeks of holiday content to fill. KidZania Singapore at Sentosa is the indoor, air-conditioned half-day that works for kids aged roughly four to fourteen.

Pair it with a Sentosa beach morning and you have a full Easties-Westies-friendly day plan that does not break the bank.

## What Kids Do At KidZania Singapore

The whole park is built around role-play. Your child clocks in at the city, picks a job – pilot, firefighter, baker, dentist – and earns KidZos that they can spend or save in-park.

- 60+ role-play establishments across the city
- Each activity runs about 20 to 30 minutes
- Kid-led booking lets older kids design their own day
- Parents relax in the parents' lounge while the kids work
