

## Laduree Takashimaya Singapore: Orchard Flagship Hours, Menu Notes And Gifts

### Description

Laduree Takashimaya is now listed on the brand's global store page, putting the French patisserie back in Orchard with a permanent Singapore address. The boutique is at 391 Orchard Road, #B1-13/13A, Takashimaya Shopping Centre.

Opening hours are listed as 10am to 9.30pm from Monday to Sunday, with the page showing a Singapore contact number for the store.

For Orchard shoppers, the location matters because Basement 1 is close to the Takashimaya food hall flow. It is easiest to plan as a dessert-gifting stop rather than a destination that needs a separate trip.

### What Is Listed

The store page describes the Takashimaya outlet as a destination for Ladurée's macarons, pastries and refined boutique experience. For shoppers, the practical draw is gifting: boxed macarons, tea, chocolate, Eugenie biscuits and brand merchandise are easier to browse in person than online.

The B1 location also makes it an easy stop before or after dining in Ngee Ann City. If you are buying chilled items, keep it near the end of the Orchard trip.

## Best Uses For Readers

This is a better stop for gifting than a long cafe break. The official page points to a boutique format rather than a full salon, so plan for a quick purchase, a coffee or a dessert box rather than a long sit-down meal.

Macarons remain the safe pick for first-time buyers. The Eugenie range is useful if you want something less familiar, while teas and boxes work for host gifts.

If you are buying for a same-day dinner, ask the boutique how best to keep the items during the walk around Orchard, especially if the box will sit out while you shop.

Macarons remain the core Laduree draw for Orchard shoppers.

The Eugenie range gives the Singapore store another giftable item beyond macarons.
