Toys R Us Make & Take dates

Toys & Us sessions run from 12pm to 4pm on the stated weekends. Parkway Parade and JEM share 10 and 11 October. Great World hosts 17 and 18 October. Suntec City hosts 24 and 25 October. Earlier stops included Paragon, Waterway Point and VivoCity in September and early October.

Stocks are limited on the day, so later afternoon slots can sell out of kits. Colour and kit type follow what each store has on the table that day.

Reaction Challenge on the side

Selected LEGO Certified Stores also run a LEGO Reaction Challenge on weekends from late September and on Friday to Sunday dates between 2 and 11 October, from 12pm to 4pm. Players try to stop a timer as close to 08:00 as possible. An exact hit unlocks a top prize of a LEGO City F1 Display Truck with Audi F1 Race Car, with other near-misses earning minifigures or vouchers while stocks last. Remaining challenge stops in the published annex include Plaza Singapura on 9 October, Jurong Point on 10 October and Compass One on 11 October.

Make & Take weekends still ahead are 10 to 11 October, 17 to 18 October and 24 to 25 October; kits are first-come while stocks last.
