Description

The LG Black Friday 2026 Singapore sale takes up to 19% off selected home appliances until 30 November, and several models come with a S$50 or S$100 grocery voucher on top. TV shoppers get a free soundbar worth S$249 on five selected models. Both promotions run from 1 to 30 November 2026, so you still have a week after Black Friday itself on 27 November.

LGâ??s page gives the headline discount but not a price list, so work out your own saving by checking the live price of the exact model. The fine print is where the real value sits.

LG Black Friday 2026 Singapore: free gifts on selected appliances

LGâ??s terms list the model codes that qualify for a gift with purchase. Gifts differ by model, so match your model number before you pay.

- S$100 grocery voucher: GT-B6085EP and GS-X6104EV
- S$50 grocery voucher: GF-B6014EV, GS-B6473EP, WSED7612B, CI5Z2420BN and HCEZ2426S
- MJ3965BGS: S$50 grocery voucher plus a Luminarc 3-piece baking dish set
- FV1411H2B: 3L Babience First Clean Safe Detergent plus a S$50 grocery voucher
- FX1412S2KA: 3L Babience First Clean Safe Detergent
- TD-H10VBD: two boxes of fabric softener sheets

The promotion is stackable with other promotions unless LG states otherwise. It is open to Singapore residents, and you must buy from a participating authorised LG dealer or reseller during the period. Display sets, trade, corporate and bulk purchases are excluded, and bulk means three or more of the same model.

How to collect the gift

Gifts are collected in person only, and LG does not deliver them. The redemption period is 1 November 2026 to 31 January 2027, and it will not be extended.

- Where: Letrain Events and Marketing, 2 Havelock Road, Havelock II #03-03, Singapore 059763
- Hours: Monday to Saturday, 11.30am to 7.30pm, closed on Sundays and public holidays
- Bring: a completed redemption form, proof of the serial number and your invoice
- Also bring: a delivery note if your delivery falls after the redemption period, and an authorisation letter if someone else collects

Gifts are subject to stock on hand and cannot be swapped for cash or other items. LG may substitute a gift of similar or other value without notice. Do not leave collection to the last week of January, as stock is the one thing you cannot control.

The TV deal: free soundbar worth S$249

Buy a selected TV and LG throws in a soundbar worth S$249, also from 1 to 30 November 2026. LGâ??s own promo graphic names the eligible models as 55QNED70, 65QNED70, 75QNED70, 85QNED70 and OLED48B6. It also lists LG member discount, free delivery and free wallmount, and tags the deal as a flash sale only at LG.com.

The wallmount is free for TVs bought directly from LG.com, according to a banner on the site. Stocks are limited, so a kiasu shopper should not wait for the last weekend. LGâ??s page does not state TV prices, so compare against the live LG.com listing.
