Description

Lion City Sailors and adidas unveiled the club's 2026/27 home and away kits on Tuesday (2 September 2026), with adult shirts from S\$99 as year two of their three-year partnership begins.

Stores including adidas Brand Centre Orchard, Jewel Changi Airport, Marina Bay Sands and VivoCity Performance began selling the range from the same day, alongside adidas.com.sg/lion_city_sailors, the adidas app, Shopee and Weston Corp outlets.

Home white, away blue

The home shirt is white with a subtle stripe print and royal blue adidas Three Stripes on the shoulders. The away shirt sits on an oceanic blue base with wave patterns across the chest and gold accents on the crest.

Both kits use adidas AEROREADY fabric with side mesh inserts. Captain Hariss Harun said the team is ready to wear the new set after lifting the championship trophy in the 2025/26 kit, and that the fabric held up in Singapore's climate through training and matches.
