Maybank RedMart deal is a recurring grocery checkout offer for Singapore-issued Maybank Credit or Debit Cardmembers. It runs weekly until 31 December 2026 and is meant for RedMart orders placed through the Lazada mobile app.

Key Details

- Offer: S$8 off with a minimum spend of S$100, despite the Maybank page headline showing S$5 off.
- Validity: every week, Monday to Sunday, until 31 December 2026 at 2359 hrs.
- Eligible users: Singapore-issued Maybank Credit or Debit Cardmembers.
- Channel: Singapore Lazada mobile app on iOS or Android, for RedMart purchases.
- Vouchers refresh for collection at 9am, 12pm and 6pm during each weekly cycle, while stocks last.

How To Claim

- Open the Singapore Lazada mobile app and collect the Maybank campaign payment voucher.
- Add eligible RedMart groceries or essentials to cart until the minimum spend is met.
- Use an eligible Maybank card at checkout.
- Confirm the voucher has been applied before placing the order, because Maybank, Lazada and RedMart will not apply the discount retrospectively.

Main Exclusions

Each voucher is single-use and limited to one redemption per customer. It can be stacked with selected free-shipping, seller and Lazada campaign collectible vouchers, but not with other bank or payment vouchers. Excluded categories include digital goods, jewellery or gold, toddler formula for ages 0 to 12 months, delivery or shipping charges, and over-the-phone purchases.

Use the Maybank RedMart promotion page before checkout so you have the current voucher timing and category exclusions in front of you.
