Mister Donut has three Christmas donuts made with KitKat this year, sold at three for S$9.90 as a festive offer, or S$3.50 each at the usual price. The offer is for a limited time and while stocks last.

Two of the three are chewy donuts, and the third is a fluffy filled one.

The three KitKat donuts

- Holly Berry Wreath: a chewy ring dressed in strawberry chocolate, with a whole KitKat finger laid across the top.
- Frosty Choco Bauble: a fluffy donut filled with KitKat spread and wrapped in white chocolate, piped with red lines like a bauble.
- Merry Mint Garland: chewy donut halves filled with mint-infused KitKat spread and coated in mint chocolate.

The Holly Berry Wreath contains wheat gluten, milk, soybean and egg, and no tree nut. The Frosty Choco Bauble and Merry Mint Garland both add tree nut, which matters for anyone buying a box for a childrenâ??s party.
