### Description

The Mondrian Singapore Duxton End Of Year Sale gives you 20% off the flexible rate when you book two nights or more, and you have until 11 December 2026 to lock it in. Stays are valid right up to 19 April 2027, so this is a lobang for anyone who wants a proper staycation after the year-end crowds thin out. The hotel says the discount applies from Signature Rooms through Suites.

There is a catch you should read before you click. The rate is prepaid, non-cancellable and non-amendable, so only book dates you are sure about. The hotel does not list room prices on the offer page, so check the live rate for your dates first.

## Mondrian Singapore Duxton End Of Year Sale: the key terms

- Discount: 20% off the flexible rate, for stays of a minimum of two nights
- Book by: 11 December 2026
- Stay until: 19 April 2027
- Rooms: Signature Rooms through Suites
- Advance booking: at least two days before arrival
- Payment: full prepayment at booking, non-cancellable and non-amendable
- Not combinable with other promotions, privileges, discounts or vouchers

Rates are quoted in Singapore dollars and carry a 10% service charge plus prevailing government taxes, so the final bill will be higher than the headline rate. Blackout dates may apply, and rooms are subject to availability. Children aged 12 and below share existing bedding, as the hotel does not provide extra beds.

Bring the credit card you booked with, because guests must present it on arrival. The hotel has also been cashless since 1 May 2026, so all room charges and in-hotel spending go through accepted cashless payment methods.

## What you get on site

The rooms are inspired by Singaporeâ??s architecture, and the hotel has a rooftop pool overlooking the city and a 24-hour fitness centre. On the food side, Bottega di Carna is the Italian restaurant, with freshly made pastas, and Canyon Club is the rooftop bar for cocktails. Having both in the same building is the whole point of a staycation.

If you stay two nights, you can also split the days sensibly. One evening for pasta downstairs, one for rooftop drinks, and a lazy pool morning in between. That already beats a lot of taxi rides.

# The Festive Edit: a different deal for December

If you would rather have inclusions than a percentage off, the hotel also runs The Festive Edit. Book between 6 November and 30 December 2026 for stays from 1 December 2026 to 10 January 2027. It is a limited-time seasonal package, valid for all room categories.

- Daily breakfast for two
- A three-course festive set dinner for two at Bottega Di Carna
- Mondrian x Pharaohâ??s Horses bathrobe and slippers set for two, while stocks last
- A customised Mondrian Jenga set, while stocks last
- Guaranteed 2pm late checkout

The dining benefit applies to stays of one to two days only, and it cannot be combined with other promotions. The same prepayment and non-cancellable rules apply, and the offer is not valid with other discounts or vouchers. Dinner reservations at Bottega Di Carna are recommended.

## Which one should you pick?

For a quiet January or February weekend, the 20% sale is the simple choice, because you control the dates and you can still visit most weeks until April. For a Christmas or New Year staycation, the Festive

Edit bundles two breakfasts, a set dinner and a late checkout, which adds up quickly if you were going to eat in the hotel anyway.

Two other offers are on the hotelâ??s page as well. Advance Purchase gives up to 25% off a seven-night stay when you book at least 14 days ahead, for stays until 30 December 2027. If you like comparing hotel promos, we also covered the Fairmont Singapore Third Night On Us offer, and our Black Friday 2026 roundup has the retail sales ending this week.

Book through the hotelâ??s own site at mondrianhotels.com/singapore-duxton/offers, and read the full terms on the offer page before you pay. Remember that 11 December is the cut-off for the 20% sale, and 30 December for the Festive Edit.
