NDP 2026 Returns to the National Stadium

For the first time in about ten years, the parade moves back to the National Stadium at the Singapore Sports Hub. The covered venue means the show goes on rain or shine, with surround views that put you right in the heart of the action. Expect the full sweep of live performances, a mobile column and the signature evening fireworks. It is a homecoming that many long-time NDP fans have been waiting for.

A Fresh, Inclusive and Immersive Show

This year's parade leans hard into inclusivity, making sure more Singaporeans feel part of the celebration. Organisers have described NDP 2026 as fresh, inclusive and immersive from start to finish.

- An immersive staging that uses the full National Stadium bowl for a wraparound experience.
- Performances celebrating the diversity of our communities and the "Go Beyond!" spirit.
- Thoughtful touches to make the show more accessible for a wider audience.

SG61 Funpacks Spotlight Artists With Disabilities

The much-loved NDP Funpack gets a meaningful upgrade this year. The 2026 packs feature unique artworks created by artists with disabilities, putting local talent front and centre. It is a small but powerful reminder that the Singapore Spirit belongs to everyone. Keep your pack after the show, because these designs are genuine collectorâ??s items.

Getting Your NDP 2026 Tickets

Tickets to the National Stadium show are free but balloted, so demand always runs hot. Watch the official NDP channels for application windows and collection points. If you are successful, collect your tickets between the morning and mid-afternoon for a shorter wait. No tickets? The heartland fireworks and community celebrations mean you will not miss out on the mood.

Go Beyond! Together This National Day

Between the return to the National Stadium, a more inclusive show and those meaningful Funpacks, NDP 2026 is set to be a memorable one. Gather your family and friends, and get ready to celebrate 61 years of Singapore. Majulah Singapura, and let us go beyond together.
