

Night At Orchard Returns For A Last-Weekend May Market

Description

Night At Orchard is back for its May weekend edition, running from 29 to 31 May 2026. The NAO site lists the market from 3pm to 10pm on Friday, Saturday and Sunday along the Orchard Road pedestrian walkway in front of Ngee Ann City.

The draw is simple: a central open-air market in Singapore's prime shopping belt, featuring creative and experiential brands. It works as a short city stop before dinner, a browsing break between malls or a free outing for visitors already heading to Orchard.

What To Expect

NAO positions the event as the only night market in Orchard Road's prime shopping district. The 2026 editions listed on the event site are 27 to 29 March, 29 to 31 May, 28 to 30 August and 27 to 29 November, which makes the May run a limited weekend rather than an always-on bazaar.

The official copy highlights local and international creative and experiential brands. That usually means the best use of time is browsing rather than arriving with a fixed shopping list. If you are meeting friends, set a landmark first because the walkway can get crowded after office hours.

- Dates: 29 to 31 May 2026.
- Time: 3pm to 10pm.
- Location: Orchard Road pedestrian walkway in front of Ngee Ann City.
- Nearest MRT: Orchard, with Somerset also workable depending on your route.

The Orchard Road market features creative and experiential brand booths.

How To Use The Visit

Go in the late afternoon if you want better light and easier movement, or after dinner if you prefer a livelier atmosphere. Families with younger children should avoid the densest evening window and keep the plan short.

Use the [Night At Orchard](#) site for the current edition details and the [Orchard Road](#) page for the association listing. For more weekend ideas, browse our [Things To Do](#) guides.

- Good for: casual browsing, date-night strolls and visitors staying near Orchard.
- Pair with: Ngee Ann City, Wisma Atria, ION Orchard or dinner around Scotts Road.
- Bring a small tote if you expect to buy from independent booths.
