Thursday stage and film nights

Thursday 8 October leans on the main stage. Headliners YAA? and Alyph play with local acts 53A, Reverie and Dreamsound. The same night slots movie screenings of high-speed favourites, including The Fast and the Furious: Tokyo Drift.

Friday 9 and Saturday 10 October keep the stage busy with games and giveaways that test car and racing knowledge for prizes. Food and drink vendors stay on ground across all three nights under the Refuel Station banner.

Circuit Card stamp rally

A Circuit Card stamp rally runs across the site. Collect the card at the information counter after following @invade.co on Instagram, then complete tasks and activities for up to seven stamps. Each stamp counts as one chance in a draw for a Dongfeng Performance 007 car valued at S\$218,000. Staff validate completed cards back at the information counter, and the winner is contacted later.

Activity pit-stops include a drift track, racing simulators and car displays. The paddock sits a short walk from the rest of Orchard's race-week lights.

Orchard Paddock is presented with Dongfeng for Grand Prix Season Singapore 2026. Orchard Paddock runs 8 to 10 October, 4pm to midnight.
