

Orchard Road hotel deals Mastercard: 15-20% off, book by 20 Dec

Description

default watermark

The Orchard Road hotel deals Mastercard offers take 15 to 20 per cent off room rates at five hotels, and booking is open until 20 December 2026. Stays must fall between 17 November 2026 and 1 January 2027, with one exception at COMO Metropolitan, which ends on 29 December. The terms below come from the Christmas on A Great Street hotel deals page, run by the Orchard Road Business Association, as at 28 November 2026.

Orchard Road hotel deals Mastercard: the five offers

- Shangri-La Singapore: up to 20% off Flexible Rates, with daily breakfast for two adults and one child under 12, plus play sessions for one child at buds by Shangri-La and at Splash each night.
- COMO Metropolitan Singapore: 20% off the Best Available Room Rate with complimentary breakfast. International visitors only, so Singapore residents are out.
- Goodwood Park Hotel: 15% off the Best Available Rate on all room types.
- Mercure Singapore on Stevens: 15% off the Best Available Room Rate, breakfast included.
- Novotel Singapore on Stevens: same 15% and breakfast as Mercure.

None of the pages state a room price, so work out the saving from the rate you see on the hotelâ??s own booking page. Book through the links on the official page rather than a third-party site.

The catches on the minimum stay and payment

Every offer needs a minimum three-night stay and payment with Mastercard. That rules out a quick one-nighter, but it suits the year-end leave many of us are clearing anyway. The Accor hotels, Mercure and Novotel on Stevens, are exclusive to direct bookings paid by Mastercard, and you reserve by

emailing H9543-RE3@accor.com.

Blackout dates apply at COMO Metropolitan, and Goodwood Park says it can add high-demand or blackout dates without notice. Mercure and Novotel are subject to availability and need advance reservations. Treat the weekends around Christmas and New Year as the riskiest dates.

The Orchard Road Tourist Pass

Book and pay with Mastercard for at least three nights at any of the participating hotels and you also get a complimentary Orchard Road Tourist Pass. It is limited to the first 1,000 redemptions and while stocks last. The page does not spell out what the pass contains, so ask the hotel when you book.

How to check the real saving

- Open the hotelâ??s official booking link and note the Best Available Rate for your three nights.
- Apply the 15% or 20% in your head, then compare with the rate on the same dates through any other channel you trust.
- Add the breakfast value where it is included, since it can be worth more than the headline percentage.
- Screenshot the offer terms and your confirmation, in case the stay is questioned at check-in.

Who should bother

The Shangri-La package is the standout if you have a young child, because breakfast and two daily play sessions are bundled in. Goodwood Park suits anyone who wants a classic heritage hotel at a 15% cut. The Stevens Road pair makes sense for a lower-cost stay with breakfast, a short ride from the Orchard shopping belt.

Residents should note the COMO restriction and check eligibility at the other four before paying. If you are planning the rest of the break, see the Marina Bay Singapore Countdown 2027 details, or the Pan Pacific Singapore staycation if you want a second option.
