Our Climate-Ready Home, a free roving exhibition on how hotter days, heavier rain, dry spells and rising seas change everyday life, opens today at Kampung Admiralty, 676 Woodlands Drive 71, and

runs until Sunday 22 November 2026. The Ministry of Sustainability and the Environment runs it, and admission is free.

Kampung Admiralty is the third and last stop on the published schedule, after One Punggol in late October and Westgate from 31 October to 4 November. Doors open from 9am to 7pm on 18 to 20 and 22 November, and from 9.30am to 7pm on Saturday 21 November.

Inside the exhibition

Visitors step inside a home to see what a changing climate means for food, water, health, businesses and neighbourhoods, and what households can do about it. The exhibits from the earlier stops include a display of male Wolbachia Aedes mosquitoes, an interactive telephone game, a dining-table game and a food security exhibit, plus a quiz with freebies.

The content comes from a long list of partners, among them PUB, the National Environment Agency, the Singapore Food Agency, HDB, URA, NParks, Changi Airport Group and PSA Singapore, along with

schools, hospitals and farms.

Live shows and weekend extras

Actors stage hour-long live shows in which the audience joins in. On 18 to 20 and 22 November they start at 12pm, 2pm, 4pm and 6pm. On Saturday 21 November there are two, at 1.30pm and 4pm.
